

Are You Using Impure Milk?

READ THIS!

Extracts from The Star of February 1, reporting meeting of Academy of Medicine of New York.

TRACED TO IMPURE MILK.

Dr. Freeman said that milk in the days before sanitary methods were employed in its care was largely comparable to sewage, so far as the germs were concerned. He said millions of germs were to be found in it, and that these came from dirt on the hands of the milkers, on the cows and in the water and utensils used in storing and selling the product. He declared that in recent years no less than 100 typhoid epidemics, 50 scarlet fever epidemics and 20 diphtheria epidemics had been traced to impure milk as their sole cause. High infant mortality may be traced almost exclusively to it.

PASTEURIZING JUSTIFIED.

Dr. Freeman presented a table in closing which showed that in the summer of the babies raised on sterilized milk 56 per cent thrived and 44 per cent did not. On bottled milk the results were—good results, 61 per cent, and bad results, 39; condensed milk, good, 60 per cent, and bad, 40; Pasteurized milk, good results, 81 per cent, and bad results, 19 per cent. Those figures, he said, justified the Pasteurizing of milk.

INFANT DEATH RATE.

The straws milk, he said, reaches only 1,000 babies in the city out of 62,000, and he declared that the death rate of babies fed on store milk was 19 per cent, while that of babies fed on Pasteurized milk was only 3 per cent.

Dr. Freeman then exhibited numerous lantern slides showing dirty and clean studies; showing a map of Stamford, where one milkman alone caused no less than 400 typhoid cases; showing how millions of germs may be introduced into a milk pail from the dirt of the milkman's hands and by shaking the cow's udder.

The leading physicians and scientists of this and other cities declare the astonishing death rate of the present day is due to drinking raw milk and that the only relief is by Pasteurizing.

We Pasteurize All Our Milk and Cream

—using the most improved methods and machinery. We go farther than this—every drop of milk is run through a De Laval Separator, which removes all dirt and foreign matter.

All bottles are sterilized and every precaution is used to prevent contamination.

We invite you to visit our plant and see the different processes used in handling milk.

The full benefit of all these scientific precautions, the absolute assurance of rich, pure milk and cream, is offered you.

It Costs the Same. It Tastes the Same.

The success of each batch of Corby's Mother's Bread is assured even before the dough is mixed. No chance whatever is taken.

We test all ingredients to determine their worthiness for our use.

We mix the dough in our patented mixers—and this dough is always mixed at the same temperature.

Our fermenting room is maintained at an even temperature the year round by means of heating and refrigerating pipes.

The ovens are the best yet devised.

Bread is made scientifically here and as a result Corby's Mother's Bread is not only the most delightful to eat but the most nourishing as well.

Corby's Modern Bakery.

Oldest Music House in the City. Established 1852.

CASE NEARING THE END

Coming Week Will Likely Finish Thaw Trial.

COUNSEL OUTLINING PLANS

Request for Admission of Nesbit Affidavit to Be Renewed.

THE DEFENSE MAY NOT OBJECT

Prisoner's Confidence Seems to Increase Daily—Delmas to Call Several Alienists in Sur-rebuttal.

NEW YORK, March 16.—Attorney Delmas, who has been in the city since the arrest of Harry E. Thaw, today, mapping out plans for the sur-rebuttal work at the trial, which, when resumed on Monday, will be entering its ninth week. Applications were made today to the district attorney's office for several additional subpoenas for the defense, but just who they were for could not be learned.

From the plans laid today it seems that the better part of next week will be consumed by the defense, and that the case may not go to the jury until some time during the week beginning Monday, the 25th instant.

When court convenes on Monday Mr. Jerome will present the last bit of evidence he has for the prosecution. He will renew his request of late Friday afternoon that Justice Fitzgerald admit in evidence the photographic and carbon copies of the affidavit Evelyn Nesbit is said to have made in Abraham Hummel's office.

Called Competent Evidence by Jerome. This affidavit, Mr. Jerome contends, is competent evidence to contradict the statement that Mrs. Thaw was drugged and betrayed by Stanford White. In it the young woman is said to have sworn that the stories concerning White were untrue, and that Harry Thaw beat her when she told him that there was no truth in the statement that White had betrayed her.

Justice Fitzgerald, having permitted Hummel and his clerk to testify as to the making of the affidavit, evidently intends to allow Mr. Jerome to put the papers in evidence and read whatever of the contents he desires to the jury.

Attorney Delmas said yesterday afternoon that the defense probably would object to the affidavit going in evidence. He referred to the "questionable shape in which this evidence" comes, and apparently will call the defense will require in putting its last evidence before the twelve men who are to decide Thaw's fate.

Up to the Jury to Decide. Mr. Delmas will probably have young Mrs. Thaw take the stand and repeat that she did not know the contents of the paper that will be produced against her. It will then be for the jury to decide whether the prisoner's wife and the convicted lawyer, Harry Thaw's confidence, instead of diminishing with the closing hours of the state's case against him, seems to increase daily. His mother, his wife and the Countess of Yarmouth, his sister, called upon him in the Tombs today and reported that he was in high spirits.

When the matter of the affidavit is settled, Mr. Jerome will announce that the people rest their case, and Mr. Delmas then will take up the work of sur-rebuttal. As he intends to call the alienists, and as District Attorney Jerome has committed himself to extensive cross-examination of this class of witnesses, there is no way to tell just how long a time the defense will require in putting its last evidence before the twelve men who are to decide Thaw's fate.

MR. DE NEDREY DISCIPLINED.

Good Templar Lodge Objects to Anti-Prohibition Speech.

There has been considerable comment made concerning the action of Perseverance Lodge of Good Templars in suspending Mr. Samuel De Nedrey from membership in that organization. Mr. De Nedrey is secretary of the Central Labor Union.

The charge against him is understood to be that he delivered an address against the passage of the Webber bill prohibiting the manufacture and sale of intoxicating liquors in the District of Columbia.

Mr. De Nedrey states that as a member of the legislative committee of the Central Labor Union he delivered an anti-prohibition speech before a meeting called by the Personal Liberty League at Masonic Temple. He adds that one of the reasons that impelled him to make the speech in question was that the central body had decided to vote in favor of the Webber bill, and that in addition he "exercised his prerogative as a free American citizen."

Mr. De Nedrey sent to the lodge of Good Templars last evening a statement which he requested should be read before the members. It is addressed to "The Officers and Members of Perseverance Lodge, No. 2, I. O. G. T.," and is in part as follows:

"I have received official notice that I was expelled from your lodge on the night of March 9, 1907.

"I have been informed that on March 2, I was put upon trial after a committee of investigation had made a report and submitted its finding and conclusion, together with such evidence as had been given it. I have been told that in a vote as to whether I should or should not be expelled the ballot stood twenty-six to twenty-six. Two-thirds not voting for my expulsion, according to your constitution, I was acquitted.

"I have been further informed that some time during the following week a meeting was called and certain members of the lodge invited to be present. The meeting was to be held at the residence of one of the members of the committee on investigation, and if I am correctly informed, such a meeting was actually held and a line of conduct was determined upon by the members of the lodge and the preceding Saturday night was to be declared illegal, the whole proceeding expunged from the minutes, and a vote taken at once upon my guilt or innocence, no debate to be allowed."

This, he states, he is informed was done, and he was expelled. He adds: "To that meeting I was not invited to be present nor my counsel, as he has since informed me, nor was my presence desired. How a proceeding such as that could be carried on after the previous record had been expunged without allowing me a further hearing or allowing my counsel, Judge J. W. Nichol, to speak for me, I am at a loss to know."

Mr. De Nedrey then notifies the lodge that he accepts, "without a feeling of shame or humiliation," the edict of the lodge and will not exercise his privilege of appeal. What he did, he said, for which he was expelled, was conscientiously done, would be repeated under the same circumstances, and he is willing to permit his "moral conduct and life to stand in comparison with that of his accusers."

Funeral of John H. Knighton. Funeral services over the remains of John H. Knighton, who died at the family residence, 57 K street northwest, Friday, will take place at St. Alvin's Church tomorrow morning at 9 o'clock. Brief services will be held at the house at 8:30 o'clock, preceding the mass.

Mr. Knighton was born in Pennsylvania in 1840 and came to Washington during the civil war. Soon after his arrival in this city he entered business as a contractor, and five years ago retired from an active business life and gave his entire time to his family. Announcement of his death came as a shock to his family and friends. His wife and five children, two brothers and two sisters survive him.

ALEXANDRIA AFFAIRS

POTOMAC LODGE OF ODD FELLOWS TO CELEBRATE.

Program of Exercises to Be Observed the 68th Anniversary, Friday Next—General News.

Special Correspondence of The Star.

ALEXANDRIA, Va., March 16, 1907. Potomac Lodge, No. 38, Independent Order of Odd Fellows, is making extensive preparations for the celebration of its sixty-eighth anniversary, which will be celebrated with appropriate exercises at Odd Fellows' Hall Friday night next. The committee having the affair in charge has sent out circular letters to all the members of the order, inviting them to be present. The object of the celebration is to bring the members together, when the principles of the order will be thoroughly explained.

The principal speaker of the evening will be Sovereign Grand Secretary John B. Goodwin of Baltimore. It is also expected that Edgar Carpenter, pastor of Grace Protestant Episcopal Church, and Mr. C. C. Carlin of this city will deliver addresses. A number of prominent members of the order from Washington and other points are expected to be present and participate in the exercises.

During the evening the degree team of the lodge will give an exhibition of its drill work. The team will be under the direction of Capt. W. L. Martin of the local lodge. At the conclusion of the exercises the members will repair to the lower floor of the hall, where a banquet will be served. An orchestra, under the direction of Prof. Carlton Padgett, will furnish music.

The committee having charge of the affair is composed of D. R. Stansbury, chairman; J. R. Mansfield, secretary; Fred Kaus, George H. Hinken and W. L. Martin.

Aspirants for Congress. All of the aspirants for the democratic nomination for Congress to fill the vacancy caused by the death of Representative John F. Rixey are actively engaged in bringing themselves to the attention of the voters, and each of them is speaking at various points throughout the eighth district in utilizing the mails in attracting attention of the voters.

The majority of the voters of this city today received communications from Rixey, who is a candidate. So far as can be ascertained only four candidates have announced themselves. They are Judge Charles C. Carlin of this city, R. Lindsey Gordon, Jr., of Loudoun county, and John F. Ryan of Loudoun county.

The date for the primary has not yet been set, and it is more than probable that it will not be held soon. Many are of the opinion that the congressional committee will call all the candidates together and let them agree upon a date.

St. Patrick's Day Celebration. Alexandria Division, No. 1, Ancient Order of Hibernians, will celebrate St. Patrick's day tomorrow afternoon at 3:30 o'clock at St. Mary's Hall with a musical and literary entertainment, which will be furnished by local talent. Afterward a smoker will be held. It is expected that a large number of Hibernians from this city and Washington will attend. Among those slated to deliver speeches are District President Francis Shively of Washington and Mr. Joseph L. Dwyer of Detroit, Mich. It is also expected that a number of local members of the order will deliver brief speeches.

General Matters. Alexandria Lodge of Elks held a meeting tonight and decided to attend the funeral of Frederick H. Dilger, who committed suicide in Washington Thursday last, and whose remains will arrive here tomorrow afternoon on the 4 o'clock boat. The interment will be made in Union cemetery. The deceased was a member of Kingston Lodge of Elks of New York.

A number of young men of Alexandria county gave a St. Patrick's dance tonight at the new home of Mr. J. B. Barrett at St. Elmo. The affair was largely attended, and was followed by supper. The predominating color of the evening was green.

Alexandria and Belle Haven Councils, Junior Order of United American Mechanics, have arranged for a class initiation May 16 next. A large number of candidates are slated to be enrolled into the order. A delegation of members of the order from northern Virginia is expected to be present.

While ascending the stairs at her son's home, Mr. C. Ashby Bladen, 119 South Asaph street, Mrs. Alecia Bladen yesterday afternoon fell and fractured her right arm, and was also considerably bruised. Her injuries were attended by Dr. George T. Kilgus.

The members of the Alexandria Athletic Association are planning for a carnival, to be held on the old fair grounds the week beginning April 15, and continuing the entire week. Mr. John W. Berry was in this city today, and completed the arrangements.

R. S. Cox today purchased at public auction the new home of Mr. J. B. Barrett at St. Elmo. The affair was largely attended, and was followed by supper. The predominating color of the evening was green.
